### Step 5: HMO Plan – How to search for Medical Groups

- After entering your City or County or Zip Code
- Enter in “Medical Group” within the Search Field
- Click on IPA/PMG (Medical Group) to view a complete list of medical groups in your HMO network.

Once the listing of Medical Groups appears, one will need to do the following:

- Under PCP drop-down menu
- Select “Can Serve as PCP”
- The medical groups that state ‘Practicing Medical Groups’ can serve as Primary Medical Groups. (3 Digit Alpha Numeric Code)

#### *Important to Remember for HMO:*

- HMO care is managed by the medical group your choose.
- Make sure the doctor you choose has a contract with the medical group you select.
- Make sure the medical group you elect is part of the correct HMO network.
- If you are trying to coordinate to have the opportunity to utilize a specific hospital, make sure that both the doctor and the medical group are contracts with the hospital. However, it is up to the medical group as to which hospitals they utilize regardless of contractions.
- For members to get to use the specific hospital for non-emergencies certain requirements must be met:
  - The hospital must be in Anthem’s network of contracted hospitals
  - The admitting doctor must have admitting privileges as the hospital.
  - The medical group must approve the hospital admission. The medical group may send the member to a different facility.
